

Meet Your MP is an exciting new project from the SCPO (Scottish Churches Parliamentary Office) – building links between congregations and their MPs across the country.

We want church communities to be at the heart of the decisions that affect their everyday lives - and what better way to get involved than for churches to get to know their representatives and influencers in Westminster.

You could organise a public meeting, invite your MP to a project or event at your church, or you could take them on a walk of your local area to highlight issues that need addressed. The possibilities are endless but contact is crucial.

The project launches on Thursday 29 March 2018 with a toolkit and ideas available at
